Congratulations! You are playing the

CLARINET!

Here Are the Next Steps

Reserve Your Instrument

It is best to go to a music store before the end of the school year to reserve your instrument. Plano ISD does not rent or sell clarinets. You can schedule a date to pick the instrument up or have it delivered to the school. On the following pages, you will find our supply list and a list of local music stores.

Consider Private Lessons

Some students like to get a head start before the school year with lessons from one of our approved professional clarinet specialists. Private lessons are currently \$20 per week for a 25 minute lesson. Updated contact information for private teachers can be found on our website (www.RiceMSBand.com). Our current private instructors for clarinet are:

Dr. Cindy Liu	fang629@hotmail.com	214-727-8562
Mr. Andre Cannabou	acanabou@sbcglobal.com	214-473-8413
Ms. Phyllis Crisp	phyllis_crisp@yahoo.com	469-877-1354

Clarinet Supply List

You will need to rent or purchase one of the instruments below from a music store. Please do not substitute a different model of instrument without first speaking to Mr. Tucker. Beware of cheap imitation instruments. Many of these play very poorly and can even contain materials, such as lead, that can be harmful to your child's health. The instruments approved for use in the Rice Band have been carefully chosen based on the best value of cost versus quality.

You will need one of these wooden clarinet models:

- Preferred: Buffet E-11 (German, not French)

Important Reminders

Our approved instruments have been selected for their quality and value. This includes a combination of factors such as cost, durability, quality of sound, and longevity. Do not purchase a “cheap” instrument. There are a lot of these to be found online and even in department stores, but they seldom last more than a few weeks and are very difficult for students to play well, making them a waste of money rather than a bargain.* If you locate an instrument that is not one of our approved instruments, contact Mr. Tucker. We will be happy to inspect it and give you honest feedback about its quality and suitability before you purchase it.

If you pick up your child’s instrument before starting school or beginning private lessons, it is important to store it in a climate-controlled location.

Do not allow your child to handle his or her instrument before starting school or beginning private lessons. Instruments can be easily damaged if handled incorrectly.

Do not allow your child to try “self-teaching” or to learn from a neighbor, family member, etc. Students who do this almost always learn bad habits which take more time to correct, putting your child behind the class from the very beginning.

Instrument Insurance is available from an independent carrier. Go to our website for more information if you are interested. Many vendors also offer insurance and service plans. We will teach your child how to properly care for his or her instrument.
