

Beginning Band Supply Order

Student Name: _____

Student ID: _____ Student Grade: _____ Instrument: _____

All band students will need to have a band polo shirt for informal performances throughout the year. We will continue to use our current shirt design for the foreseeable future, so you may wish to order a little bit large to allow for growth. Sample shirts will be available for sizing purposes in the band office before and after school through August 16th. **We cannot exchange or refund any shirt purchase, so we encourage any student who is unsure of their size to try one on.** We also recommend that you order your shirt a little bit large to allow for growth and any possible shrinking during washing.

We also offer an optional “fun shirt” for students each year. This is a colorful T-shirt design worn as campus spirit wear. It is always very popular among our students. We can only order these once each year, so get yours now if you would like one!

We place a bulk order for the basic materials listed at the bottom of your child’s band supply list. **You are welcome to purchase these on your own, or it can be ordered as a package using the form below.**

Please complete the information below and return this form to your child’s director with payment by **Friday, August 16th**.
